

News from Royal Class

Hello to one and all!

Royal Class have been making good developments during the summer term.

A significant focus this term has been on developing our communication. We are achieving this by having communication boards which incorporate pictures and symbols of our favourite things, such as cars, dolls or dressing up. When we want to choose a particular thing our communication boards help us to make a clear choice.

Our main theme this term has been on the topic of Teddy Bears Picnic. In Maths we have been using shapes to create our own teddy bears and reminding ourselves of the names of the shapes that we use and using our counting skills too. In English we have used good communication to explore the items we take on a picnic such as the basket, the rug and our napkins!
