

Navy Class

We have spent a lot of time getting to know each other this half term and establishing some excellent routines. We have been having fun too!

In Art we have taken inspiration from our topic: 'In the Woods' so we have been using much of the outside area to inspire our artwork, we've made leaf and bark rubbings and 3D fruit from papier Mache, crepe paper and glitter for the harvest festival this week.

We've been lucky to have music therapy with Ian and African drumming to celebrate Black History Month. Music is a part of our learning and leisure activities.

We have applied our love of maths to cooking where we have used numbers to make mouth-watering delights such as pizza bread, fruit smoothies, fruit pizzas, cheese twists and gingerbread men!

In Science we have been exploring fruit and vegetables as part of our theme, and also being creative and exploring ways that we can use our bodies to make lots of different sounds.

To develop our literacy and reading skills we have used many of the outside areas developing our mark making. We have also been spending time exploring themes surrounding 'Little Red Riding Hood', and dressing up as Little Red Riding Hood, granny and the Wolf! We love spending time in the library choosing books.

As you can see we have had a great time and we look forward to updating you in the next newsletter

Love
