

Hello! :) It's been months since the last time we posted some news about our life in Turquoise Class on the school website. So many awesome things have happened since then. Naturally, December was super exciting for us. But it was hard work too!

Some of you would've come to the Christmas Craft Café that took place in...Turquoise Class! Our classroom was chosen because...it was the most beautiful classroom in the whole school (we think)! :) We worked day and night to make tons of decorations—for our classroom, the PE hall, the dinner hall, the Light and Sound room (which was used as Father Christmas' grotto) and more!

Turquoise Class News

As Key Stage 2, we couldn't just get away with a bit of finger painting. All bits of craft work were either to support our learning in English or Maths. We counted, compared colours and sizes, used 3D shapes, wrote Christmas cards and more. Somehow we also managed to take part in many other events, like Children in Need and activities with the famous Pudsey Bear.

This term we're concentrating on our new topic—All About Me. We've already managed to produce quite a bit of work related to this theme—enough for a gorgeous display in the corridor outside our classroom. We like to show off, but we've got lots to be proud of! :) We're reading a book *We Are All Different* and are learning to notice how we are all similar and different, but equally deserving of love and respect.

Hugs from everyone (big and little) in Turquoise Team.
