

Lilac class

In Lilac class we have had a lovely start to the new term.

During our PE sessions we have been exploring all the different ways that we can move - running, climbing, rolling and lots more.

In Science we have been looking at magnetic toys and shapes, mixing and pouring and light and dark - we especially like the light up toys in the dark tent!

We are very lucky this term to have Ian for music therapy. He brings with him lots of instruments for us to play and new songs to learn.

This term we also have children from Gilbert Scott coming to visit us every Thursday afternoon - it's great to have new friends to play with and share our toys with.

Lilac class.
