

Hi everyone!

We have been very busy in Amethyst Class this term. Our topic was Colour so lots of our activities were based around colour.

We have used the salad spinner and pipettes to make colourful Art work.

Our story was 'We all go travelling by' which uses lots of musical and coloured props.

We made multicoloured foam and Skittles rainbows for Science week. We also made bottles of coke explode and went on a huge bouncy castle!

Music Therapy has been lots of fun. Everyone has had a chance to use the keyboard and the big ocean drums. We have also used lots of different instruments.

In PE we have explored different apparatus and learnt to move in different ways.

To celebrate Chinese New Year we made our own dragon and learnt a dragon dance.

We have been on the tram to go to the supermarket to buy our snacks.

Wishing you all a Happy Easter
Love From Amethyst Class
