

Class Lime News

Class Lime has been truly enjoying our new topic 'Around the World'. So far we have 'travelled' to Africa and Asia but we have in plans to 'visit': America, Australia and some European countries.

Children loved the story about Handa visiting her friend Akeyo with a basket full of delicious fruit. We have explored and tasted them all in our cooking lessons. When listening to the story children became familiar with different African animals. During our Sherborne activities we've been coping actions African animals do: stomping feet like elephants, running like antelopes etc. We have been exploring beautiful African patterns and made some similar prints. We have even built an African hut. In music we have participated in drumming activities and made African shakers.

When learning about Asia we have done some great art work. We've created Chinese lanterns and Chinese fans using red card and golden glitter. We've 'coloured' mandala patterns using colourful sand. In cooking we've smelled Asian spices and tasted differently seasoned rice-our most favourite flavour was ginger and garlic.

We wish you all a great Summer holiday!
