

Coral Class

What a wonderful summer term we have had.

Our trip to Battersea Park was a great success. The children were able to explore the lovely gardens, dip their feet into the pool and play in the park.

Sports day was another lovely event, the children finished the obstacle course and loved the races with their parents.

Our topic was "Around the World." We shared an Indian curry with Rose class, dressed in sari's, made Chinese Dragons, explored the ice in the Arctic and painted our faces with African war paint.

Coral class wish you all a happy summer holiday.
