Sensory Exploration:

To colour pasta or rice put pasta/rice in a sealed bag add two tablespoons of vinegar and food colouring. Seal bag and move the pasta/rice around until it is all covered/coloured. Place the pasta/rice on paper towels making sure they are all spread out and wait for them to dry (approx. 12 hours) once it is dry you will need to mix them around to loosen them up as they may be stuck together. These are great for sensory trays for mark making and exploring. If you use the larger pasta, it is great for threading.

Cooking

- 7 oz plain flour
- 2 teaspoons ground ginger
- 1 teaspoons mixed spice
- 3 oz butter
- 2 tablespoons golden syrup
- 2 oz sugar
- 1 teaspoon bicarbonate of soda
- 1 desert spoon of water

1. Preheat the oven to gas mark 5 / 190 C and grease two baking trays with butter.
2. Heat the butter, sugar and golden syrup in a pan, but don't let them boil.
3. Stir in the flour and spices.
4. Dissolve the bicarbonate of soda in the water and add to the mixture.
5. Knead it into a ball and then roll out on to a floured surface.
6. You can make different shapes and use cookie cutters to make biscuits – whatever you like. If you're making gingerbread men, add raisins for eyes / mouth / buttons.
7. Bake until golden (time will depend on how big your cookies are, but check after 10 minutes).
8. Lay them on a cooling rack. If you want to add icing wait until the biscuits are completely cool.

Enjoy!

I'm a Little Hedgehog Song

**Sing to the tune of 'I'm a Little Teapot'*

I'm a little hedgehog,
Brown and small.
Very prickly,
Not that tall.
When I'm feeling frightened,
Away I crawl,
And curl up,
into a ball!
I'm a little hedgehog,
Build my nest,
When it's autumn,
Leaves are the best.
If you build bonfire,
Have you guessed?
Check inside,
I might be having a rest!
