

Activity – Shadow drawing

Key areas of learning:

- Science
- Computing

What you will need:

- Paper
- Pens/ pencils/ crayons etc
- Torch (any light source e.g. light on phone)
- Dark space

Keywords:

Shadow, draw, light

What to do:

- Stick some paper to the wall and use a torch to make your shadow appear on the paper.
- Can you draw around your shadow? What other items could you use to make shadows?

Extension:

- Why don't you decorate your picture?
- Try using your toys to make different shadows to trace or to act out your favourite story!
