

Computer/ICT- Art

Key words

Touch
On/off
Dark
Colour/pattern
Shine

Investigate Colour

1. Use a table of different materials -Such as netting, sweet papers, tissue paper.
Can they change the colours of the light beams?
2. What happens when they shine the torch onto paper? On black? On newsprint? On their hand?
On the wall?

Extension ideas:

- Shine the torch on materials/objects they can see through.
- Shine the torch on materials they can't see through.
