

Activity – Ice painting

Key areas of learning:

- Science, art, fine motor

What you will need:

- Ice with food colouring, ice tray, paper, a tray and towels, lolly sticks to put into the ice cube tray

Keywords:

- Touch
- Cold
- Paper
- Ice
- Melt
- Colours of ice

What to do:

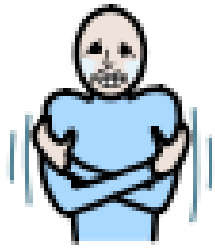

- Put water with food colouring in the freezer prior to this activity, once the ice is frozen you can use it to create paintings, use pincer grip to hold the ice (if you do not have lolly sticks for the ice cubes) and use the frozen coloured ice to create pictures

Extension:

- Can you identify the colours of the ice?
- Is it hot or cold?
