Activity – Shape castle.

Key areas of learning:

- Maths Shape/ counting

What you will need:

- Different shapes cut out (square, rectangle, circle, triangle) Use different colours and different sized shapes
- Glue
- paper

Keywords:

- Triangle, Square, rectangle, circle, star, big, little, colours.

What to do:

- Have the cut out shapes laid out for your child. Demonstrate making a castle shape using the different shapes. Encourage your child to copy. Ask your child what shape did you just use?

Extension:

- How many colours can you see?
- How many red triangles is there etc?
