

Science- Ready steady go-guttering

- 1) You can use several different resources for this activity- balls+ paint, water, cars, items that roll
- 2) Before placing the item down the ramp use the language 'ready, steady, go'
- 3) Encourage pupils to watch the items roll down the ramp and repeat action.

Extension ideas:

- Pupils can predict whether they think the item will go fast or slow
- Pupils can explore items that roll well and items that do not fit/ roll well
