

Science - Boat Races

- 1) Tape a straw to a small plastic boat and add a paper triangle sail to each straw.
- 2) Fill up a large tub of water.
- 3) Place boats in to water tray to float.
- 4) Use straws to blow your boat to the other side of the water tray.

Extension ideas:

- Make several boats, and race them.
- Place several items into the boat to count how many before it sinks.
