

# LISS Pathway

## Summer Newsletter 2024

We hope everyone had a lovely Easter break.

We're expecting this half term to be a busy one and are hoping for some good weather so that we can develop our learning inside and outside the classroom.

### Important Information

Class teams continue to upload evidence onto your child's SOLAR assessment page so that you are fully informed of their day-to-day progress.

Please contact your child's class teacher if you would like support logging onto SOLAR.

Our topic this half term is: 'Down on the Farm' and we plan on developing our gardening skills by planting different seeds and watching them grow. We will be exploring different animals in our farmyard role play, naming and identifying their features and body parts. We are also hoping to visit a local farm: Christmas Tree Farm, in Downe, to interact with and feed the animals there.

We had fun celebrating Eid, in the first week back after Easter, and explored different artefacts, including clothes and prayer mats. We also had a special lunch, trying different tastes and textures.

### **Upcoming events:**

Letters for other activities this half term will be sent nearer the time but upcoming events include:

Red Gates Football Match: 7th May 2024

Parent visits to classes: 29th April to 10th May 2024

We hope you will be able to join us for these events.
