

Me in the World

Activity – Nature walk in the park

Key areas of learning:

- Science
- Communication
- Maths

What you will need:

- No equipment needed

Keywords:

- Walk, grass, stick, stone, flower, tree, trunk, look, listen, squirrel,

What to do:

- Take a walk to the park or woods
- Ask your child to find different things in the environment using the communication board as a prompt
- Talk about what they can see
- Listen and look!

Extension:

- Try matching objects to the symbols
- Find and count different numbers of objects
- Complete a listening walk. What can your child hear?
- Walk in different environments e.g. in the park, at the shops, and listen for different sounds

Attachments:

- Communication Board attached
